Re: Certification attesting that the Survey was conducted in accordance with the Survey Standards in the Earnings Survey Form

Dear Mr. Secretary:

In connection with our alternate earnings appeal allowed under 34 CFR 668.406 of the final debt-to-earnings (D/E) rates published by the U.S. Department of Education (the department), we certify that the survey was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey (RGEES) and that the mean or median earnings used to recalculate the debt-to-earnings ratios was accurately determined from the survey results.

Vames Petrillo as President

| Aeht-to-earnings ratios was accurately determined from the survey results.

INDEPENDENT ACCOUNTANTS' REPORT

Board of Directors Aveda Institute Lafayette 2922 Johnson Street Lafayette, LA 70503

REPORT ON COMPLIANCE

We have examined the written assertions of the management of Aveda Institute Lafayette, OPE #021178, stating that the alternate earnings information obtained utilizing the Recent Graduate Employment and Earnings Survey (RGEES) of the Gainful Employment Regulations is in accordance with the Standards Requirements of Section 668.406 of Title 34 of the Code of Federal Regulations (34 CFR 668.406) for the cohort period December 31, 2014, used to calculate the final Debt to Earnings Rates issued in January, 2017.

MANAGEMENT'S RESPONSIBILITY

The management of Aveda Institute Lafayette is responsible for the school's compliance with those requirements.

ACCOUNTANTS' RESPONSIBILITY

Our responsibility is to express an opinion on management's written assertions about the institution's compliance that the survey was conducted in accordance with the requirements set forth in the National Center for Education Statistics (NCES) earnings survey form.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants (AICPA), attestation standards contained in *Government Accountability Office's Government Auditing Standards*, promulgated by the Comptroller General of the United States, requirements set forth in the Standards for Conducting the RGEES and with procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General accordingly

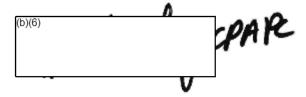

We examined, on a test basis, evidence about Aveda Institute Lafayette's compliance with 34 CFR 668.406, and performed other procedures that we considered necessary under the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Aveda Institute Lafayette's compliance with specified requirements.

OPINION ON COMPLIANCE

In our opinion, management's written assertions that Aveda Institute Lafayette's RGEES, for the cohort period ending on December 31, 2014 was conducted in accordance with the requirements set forth in the NCES earnings survey form and in accordance with the Standards for Conducting the RGEES. Our examination-level attestation is in accordance with the attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States, and with the procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General.

PURPOSE OF REPORT

This report is intended solely for the information of the Institution's management and the U.S. Department of Education.

INDEPENDENT ACCOUNTANTS' REPORT

Board of Directors TSP Institute, Inc. d/b/a Aveda Institute-South Florida 4186 South University Drive Davie, Florida 33314

REPORT ON COMPLIANCE

We have examined the written assertions of the management of Aveda Institute-South Florida, OPE #041194, stating that the alternate earnings information obtained utilizing the Recent Graduate Employment and Earnings Survey (RGEES) of the Gainful Employment Regulations is in accordance with the Standards Requirements of Section 668.406 of Title 34 of the Code of Federal Regulations (34 CFR 668.406) for the cohort period December 31, 2014, used to calculate the final Debt to Earnings Rates issued in January, 2017.

MANAGEMENT'S RESPONSIBILITY

The management of Aveda Institute-South Florida is responsible for the school's compliance with those requirements.

ACCOUNTANTS' RESPONSIBILITY

Our responsibility is to express an opinion on management's written assertions about the institution's compliance that the survey was conducted in accordance with the requirements set forth in the National Center for Education Statistics (NCES) earnings survey form and in accordance with the Standards for Conducting the RGEES.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants (AICPA), attestation standards contained in *Government Accountability Office's Government Auditing Standards*, promulgated by the Comptroller General of the United States, requirements set forth in the Standards for Conducting the RGEES and with procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General accordingly.

We examined, on a test basis, evidence about Aveda Institute-South Florida's compliance with 34 CFR 668.406, and performed other procedures that we considered necessary under the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Aveda Institute-South Florida's compliance with specified requirements.

OPINION ON COMPLIANCE

In our opinion, management's written assertions that Aveda Institute-South Florida's RGEES, for the cohort period ending on December 31, 2014 was conducted in accordance with the requirements set forth in the NCES earnings survey form and in accordance with the Standards for Conducting the RGEES. Our examination-level attestation is in accordance with the attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States, and with the procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General.

PURPOSE OF REPORT

This report is intended solely for the information of the Institution's management and the U.S. Department of Education.

David A Levy CPA PC Needham, Massachusetts March 7, 2017

This template calculates the response rate for graduates in your survey.

Simply enter the number of gradutes who completed the survey in cell B6 and the total number of graduates in the cohort in cell C6.

The survey response rate will be automatically calcuated in cell D6.

| Number of survey respondents | Number of graduates in the cohort | Response rate | |
|------------------------------|-----------------------------------|---------------|--------|
| 258 | 3 | 507 | 50.89% |

Aveda Institute South Florida OPE ID: 041194-00

This template calculates the mean and median income for graduates in your program. Simply copy the name and total income for each survey respondent starting in row 8. Mean and median income will be automatically calcuated in cells C5 and C6, respectively.

Re: Certification attesting that the Survey was conducted in accordance with the Survey Standards in the Earnings Survey Form

Dear Mr. Secretary:

In connection with our alternate earnings appeal allowed under 34 CFR 668.406 of the final debt-toearnings (D/E) rates published by the U.S. Department of Education (the department), we certify that the survey was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey (RGEES) and that the mean or median earnings used to recalculate the debt-to-earnings ratios was accurately determined from the survey results.

INDEPENDENT ACCOUNTANTS' REPORT

Board of Directors Aveda Institute - Tallahassee 2020 West Pensacola street Tallahassee, FL 32304

REPORT ON COMPLIANCE

We have examined the written assertions of the management of Aveda Institute - Tallahassee, OPE #041348, stating that the alternate earnings information obtained utilizing the Recent Graduate Employment and Earnings Survey (RGEES) of the Gainful Employment Regulations is in accordance with the Standards Requirements of Section 668.406 of Title 34 of the Code of Federal Regulations (34 CFR 668.406) for the cohort period December 31, 2014, used to calculate the final Debt to Earnings Rates issued in January, 2017.

MANAGEMENT'S RESPONSIBILITY

The management of Aveda Institute - Tallahassee is responsible for the school's compliance with those requirements.

ACCOUNTANTS' RESPONSIBILITY

Our responsibility is to express an opinion on management's written assertions about the institution's compliance that the survey was conducted in accordance with the requirements set forth in the National Center for Education Statistics (NCES) earnings survey form.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants (AICPA), attestation standards contained in *Government Accountability Office's Government Auditing Standards*, promulgated by the Comptroller General of the United States, requirements set forth in the Standards for Conducting the RGEES and with procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General accordingly

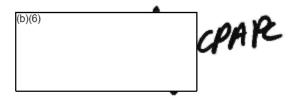

We examined, on a test basis, evidence about Aveda Institute - Tallahassee's compliance with 34 CFR 668.406, and performed other procedures that we considered necessary under the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Aveda Institute - Tallahassee's compliance with specified requirements.

OPINION ON COMPLIANCE

In our opinion, management's written assertions that Aveda Institute - Tallahassee's RGEES, for the cohort period ending on December 31, 2014 was conducted in accordance with the requirements set forth in the NCES earnings survey form and in accordance with the Standards for Conducting the RGEES. Our examination-level attestation is in accordance with the attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States, and with the procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General.

PURPOSE OF REPORT

This report is intended solely for the information of the Institution's management and the U.S. Department of Education.

To the Board of Directors of Bryan University Springfield, MO

We have examined Bryan University's Recent Graduates Employment and Earnings Survey for the Medical Billing and Coding – Diploma Program. Bryan University's management is responsible for conducting the survey in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey. Our responsibility is to express an opinion on whether the survey was conducted in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey, in all material respects, based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and Government Auditing Standards. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the survey was conducted in accordance with Standards for Conducting the Recent Graduates Employment and Earnings Survey, in all material respects. An examination involves performing procedures to obtain evidence about the Employment and Earnings survey results. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of the Recent Graduates Employment and Earnings Survey, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Please see the following attached reports from the Recent Graduates Employment and Earnings Survey (RGEES):

- Summary Results of the Appeal Survey Standard Rate, Transitional Rate and Mean/Median Salary
- RGEES Case Disposition Report
- RGEES Mean and Median Report
- RGEES Nonresponse Bias Report

Column & Asserites, P.C.

RGEES Response Rate Report

In our opinion, Bryan University's Recent Graduates Employment and Earnings Survey for the Medical Billing and Coding – Diploma Program 2015 Gainful Employment Debt to Earnings Ratios is presented in accordance with Standards for Conducting the Recent Graduates Employment and Earnings Survey, in all material respects.

Report on Compliance Applicable to the Debt-to-Earnings Alternate Earnings Survey

We have examined that Virginia Marti, Inc. d/b/a Virginia Marti College of Art and Design complied with the specified compliance requirements set forth in the STANDARDS FOR CONDUCTING THE RECENT GRADUATES EMPLOYMENT AND EARNINGS SURVEY in its performance of the Debt-to-Earnings Alternate Earnings Survey for CIP Code 500407 Fashion/Apparel Design for the 2014 Debt-to-Earnings Rates. Virginia Marti, Inc. d/b/a Virginia Marti College of Art and Design's Alternate Earnings Survey results are identified in the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations and contracts applicable to its Debt-to-Earnings Alternate Earnings Survey.

Accountant's Responsibility

Our responsibility is to express an opinion on compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We conducted our examination of compliance in accordance with the attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States; attestation standards established by the American Institute of Certified Public Accountants; and the Audit Guide, Audits of Federal Student Financial Assistance Programs at Participating Institutions and Institution Servicers, issued by the U.S. Department of Education, Office of the Inspector General, January 2000 revision and accordingly, included examining, on a test basis, evidence about Virginia Marti, Inc. d/b/a Virginia Marti College of Art and Design's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. However, our examination does not provide a legal determination on Virginia Marti, Inc. d/b/a Virginia Marti College of Art and Design's compliance with the specified requirements.

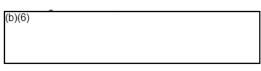

To the Shareholder Virginia Marti College of Art and Design Page 2 March 3, 2017

Opinion on Compliance Applicable

In our opinion, Virginia Marti, Inc. d/b/a Virginia Marti College of Art and Design complied, in all material respects, with the types of compliance requirements referred to above for the 2014 Debt-To-Earnings Alternate Earnings Survey.

Purpose of this Report

This report is intended solely for the information and use of management, and the U.S. Department of Education and is not intended to be and should not be used by anyone other than these specified parties.

CASE | SABATINI Pittsburgh, Pennsylvania

PROFESSIONAL ACCOUNTING, CONSULTING & BUSINESS ADVISORY SERVICES March 3, 2017

To the Shareholders Virginia Marti College of Art and Design Lakewood, Ohio

REPORT ON INTERNAL CONTROL ON COMPLIANCE AND OTHER MATTERS BASED ON AN EXAMINATION- LEVEL ATTESTATION OF COMPLIANCE PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

P.O. BOX 10885 WHITEHALL TOWERS 470 STREETS RUN ROAD PITTSBURGH, PA 15236-2023

TELEPHONE: (412) 881-4411 FAX: (412) 881-4421 WEB: WWW.CASESABATINI.COM

Independent Accountant's Report

We have examined, in accordance with the attestation standards established by the American Institute of Certified Public Accountants and the attestation standards contained in the Government Accountability Office's *Government Auditing Standards* issued by the Comptroller General of the United States, the Debt-to-Earnings Alternate Earnings Survey Process of Virginia Marti College of Art and Design, and have issued our report thereon dated March 3, 2017.

Internal Control over Compliance

In planning and performing our examination, we considered Virginia Marti College of Art and Design's internal control over compliance with the specified requirements to determine attestation procedures that are appropriate in the circumstances for the purpose of expressing our opinions on compliance with the specified requirements, but not for the purpose of expressing an opinion on the effectiveness of Virginia Marti College of Art and Design's internal control. Accordingly, we do not express an opinion on the effectiveness of Virginia Marti College of Art and Design's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the specified requirements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material noncompliance with the specified requirements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

To the Shareholders Virginia Marti College of Art and Design Page 2 March 3, 2017

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Virginia Marti College of Art and Design's Debt-to-Earnings Alternate Earnings Survey is free from material noncompliance, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of compliance with the specified requirements. However, providing an opinion on compliance with those provisions was not an objective of our attestation, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Virginia Marti College of Art and Design's internal control or on compliance. This report is an integral part of an examination-level attestation performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

February 28, 2017

As part of the Gainful Employment Alternate Earnings Appeal, VMCAD has chosen to participate in the Recent Graduates Employment and Earnings Survey. VMCAD (OPEID 012896) has chosen to appeal the status of program 500407, Fashion/Apparel Design. The planning, development, execution, and collection of accurate data have been at the core of this process.

To ensure the best possible results from the survey, as well as to ensure quality and security of data, VMCAD has used the information provided in the "Standards for Conduction the Recent Graduates Employment and Earnings Survey" documentation as the guiding model throughout each phase.

This document is to be included as part of the final Appeal Submission, under my authority as the institutions chief executive officer, attesting that the survey has been conducted in accordance to the written Standards. Additionally, this attests to the fact that the mean and median earnings used to recalculate the debt-to-earnings ratios have been accurately collected and presented.

VMCAD appreciates the opportunity to submit the data for consideration in our appeal. We also look forward to a continuing relationship with the Department of Education as we both work toward our singular goal of providing educational training that leads to individual student fulfillment and employment.

Respectfully submitted,
(b)(6)

Milan Milasinovic

INDEPENDENT AUDITOR'S REPORT

To the Shareholder Douglas School of Business, Inc. d/b/a Douglas Education Center Monessen, Pennsylvania

We have examined Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with the requirements set forth in the *Standards for Conducting the Recent Graduates Employment and Earnings Survey* relative to the Cinematography and Film/Video Production program's 2016 Gainful Employment Debt-to-Earnings Rates and the 2015 Debt Measure Year as part of Douglas School of Business, Inc. d/b/a Douglas Education Center's participation in the Federal Student Financial Assistance Programs. Management is responsible for Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with those requirements. Our responsibility is to express an opinion on Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance based on our examination.

Our examination was conducted in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States; attestation standards established by the American Institute of Certified Public Accountants; and accordingly, included examining, on a test basis, evidence about Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with specified requirements.

In our opinion, Douglas School of Business, Inc. d/b/a Douglas Education Center complied in all material respects, with the aforementioned requirements for the Cinematography and Film/Video Production program's 2016 Debt-to-Earnings Rates and the 2015 Debt Measure Year.

This report is intended solely for the information and use of management and the U.S. Department of Education and is not intended to be and should not be used by anyone other than these specified parties.

Douglas Education Center contacted every graduate on the final completers list to participate in the survey; has a response rate in excess of 50%; and a nonresponse bias rate of less than 10% for each program listed.

Douglas Education Center has exercised diligence in conducting the survey and protecting graduates' PII. Douglas Education Center has conducted its survey(s) in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey as follows:

Planning the Data Collection Standard 1: Data Collection Methodology Standard 2: Standard 3: Maintaining Graduates Confidentiality Standard 4: Data Editing Standard 5: Calculation of the Response Rate Nonresponse Bias Analysis Standard 6: Standard 7: Calculating the Mean and Median Documenting a Survey System Standard 8:

I certify that Douglas Education Center has conducted the Recent Graduate Employment and Earnings Survey in accordance with the *Standards for Conducting the Recent Graduates Employment and Earnings Survey*. I certify that the mean and median earnings used to recalculate the debt-to-earnings ratios were accurately determined from the survey results.

INDEPENDENT AUDITOR'S REPORT

To the Shareholder Douglas School of Business, Inc. d/b/a Douglas Education Center Monessen, Pennsylvania

We have examined Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with the requirements set forth in the *Standards for Conducting the Recent Graduates Employment and Earnings Survey* relative to the Visual Performing Arts, Other program's 2016 Gainful Employment Debt-to-Earnings Rates and the 2015 Debt Measure Year as part of Douglas School of Business, Inc. d/b/a Douglas Education Center's participation in the Federal Student Financial Assistance Programs. Management is responsible for Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with those requirements. Our responsibility is to express an opinion on Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance based on our examination.

Our examination was conducted in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States; attestation standards established by the American Institute of Certified Public Accountants; and accordingly, included examining, on a test basis, evidence about Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Douglas School of Business, Inc. d/b/a Douglas Education Center's compliance with specified requirements.

In our opinion, Douglas School of Business, Inc. d/b/a Douglas Education Center complied in all material respects, with the aforementioned requirements for the Visual Performing Arts, Other program's 2016 Debt-to-Earnings Rates and the 2015 Debt Measure Year.

This report is intended solely for the information and use of management and the U.S. Department of Education and is not intended to be and should not be used by anyone other than these specified parties.

The Secretary US Department of Education 400 Maryland Avenue, SW Washington, D.C. 20202

Re: Certification attesting that the Survey was conducted in accordance with the Survey Standards in the Earnings Survey Form

Dear Mr. Secretary:

In connection with our alternate earnings appeal allowed under 34 CFR 668.406 of the final debt-to-earnings (D/E) rates published by the U.S. Department of Education (the department), we certify that the survey was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey (RGEES) and that the mean or median earnings used to recalculate the debt-to-earnings ratios was accurately determined from the survey results.

INDEPENDENT ACCOUNTANTS' REPORT

International Academy 2550 S Ridgewood Avenue-South Daytona, Florida 32119

REPORT ON COMPLIANCE

We have examined the written assertions of the management of International Academy, OPE #022579-00, stating that the alternate earnings information obtained utilizing the Recent Graduate Employment and Earnings Survey (RGEES) of the Gainful Employment Regulations is in accordance with the Standards Requirements of Section 668.406 of Title 34 of the Code of Federal Regulations (34 CFR 668.406) and the requirements set forth in the NCES Earnings Survey Form, for the cohort period December 31, 2014, used to calculate the final Debt to Earnings Rates issued in January, 2017.

MANAGEMENT'S RESPONSIBILITY

The management of International Academy is responsible for the school's compliance with those requirements.

ACCOUNTANTS' RESPONSIBILITY

Our responsibility is to express an opinion on management's written assertions about the institution's compliance that the survey was conducted in accordance with the requirements set forth in the National Center for Education Statistics (NCES) earnings survey form.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants (AICPA), attestation standards contained in Government Accountability Office's Government Auditing Standards, promulgated by the Comptroller General of the United States, requirements set forth in the Standards for Conducting the RGEES and with procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General accordingly

We examined, on a test basis, evidence about International Academy's compliance with 34 CFR 668.406, and performed other procedures that we considered necessary under the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on International Academy's compliance with specified requirements.

OPINION ON COMPLIANCE

In our opinion, International Academy complied, in all material respects, with the compliance requirements referred to above for the Recent Graduate Employment and Earnings Survey (RGEES), for the cohort period ending on December 31, 2014.

PURPOSE OF THE REPORT

This report is intended solely for the information of the Institution's management and the U.S. Department of Education.

Thank you for your consideration.

| Sincerely, | |

Recent Graduates Employment and Earning Survey Design Plan

Program: Cosmetology

CIP Code: 12.0401 Attachment D

Cohort Period Surveyed: 2010/2011 & 2011/2012

Standard 1: PLANNING YOUR DATA COLLECTION

The objectives of the survey:

The goals of the survey is to remain eligible for federal financial aid, allowing future students the same help and assistance as provided to those students on our completes list for the Cosmetology program. The objective of the survey is to find a truer measure of our Cosmetology program graduates' earnings than the rating we were previously issued. The information needed to accomplish the truer debt measure will come directly from the graduates on our completers list (2010-2011 & 2011-2012) asking them to supply information about their earnings in the year 2014 in an effort to calculate the average earnings of students who graduated from our Cosmetology program. Attached to this Survey Design Plan is a list of the Cosmetology Program Completers as established by ED.

The Survey Design:

The exact RGEES survey, as supplied by ED in their materials, will be used verbatim. The following is a listing of all data items from the RGEES that will be used to collect the necessary data. The RGEES survey will not be conducted in conjunction with any other survey.

- 1. Please verify that you are <First-Name Last-Name>. Is this correct? Yes/No
- 2. Have you ever gone by <First-Name Last-Name>? If you have legally changed your name but once went By <First-Name Last-Name > please answer Yes
- 3. Did you receive any wages, salary, tips, overtime pay, bonuses, or commissions from an employer in Earning year 2014? Y/N If yes think about the job you held the longest during 2014. In total, how much did you earn from that employer, before taxes and other deductions \$______ All other jobs you held during 2014, how much did you receive from all other employers, before taxes and other deductions?
- 4. Excluding any income mentioned above, did you receive any self-employment income, including income from your own business, in 2014 ? Y/N What was the amount you received in net self-employment income in 2014, minus expenses. If the amount is negative please enter zero \$______
- 5. People sometimes earn extra money ding work outside of their regular jobs, such as freelancing, consulting, moonlighting, or doing other casual jobs. In 2014 did you earn any other money from work you did that you have not already reported on this survey? Y/N If yes what was the amount of your additional earnings in 2014 that are not already reported above? \$______

The Data Collection Plan:

The timing of the data collection will begin on or about January 1, 2017 and will concluded February 28, 2017. The primary mode of collection will be by e-mail, telephone, facebook and through our alumni page on our website and the survey should take a graduate approximately 5 minutes. There will be four (4) administrative staff persons conducting the surveys behind closed doors, in a manner that achieves the best balance between maximizing data quality and controlling measurement error. All four (4) staff persons will be trained using ED materials, such as: the "Best Practices Guide"; "Standards for Conducting the Recent Graduates Employment and Earnings Survey" materials;

and all Electronic Announcements #85-104 that pertain to Gainful Employment. It is the goal of the staff to collect responses from at least 50% of the Cosmetology program completers on the list. In order to achieve this goal the staff will be reaching out to the graduates prior to beginning the survey in order to let them know that we will be conducting a Recent Graduates Employment and Earnings Survey in the coming months and that the survey will be used to determine our Debt to Earnings Ratio mandated by the Department of Education's Gainful Employment Regulations. We will be offering a \$25.00 Walmart gift card as a token of our appreciation for taking the time to complete the survey.

The Confidentiality Pledge:

The Family Educational Rights and Privacy Act (FERPA) requires the confidentiality of the data to be collected and the individuals identifiers (ie; personally identifiable information-PII) must be protected. All of the four (4) staff members working on the survey who will have access to this information understand the importance of protecting the confidentiality of the survey respondent's information, will be cognizant of the requirements of the law, and will monitor the confidentiality of PII in their daily activities and in the release of informatiom to the public. All steps will be taken throught the data collection, processing, and reporting activities to ensure that data are handled in such a way as to avoid disclosure of PII. The respondents will be informed of these protections, and must be assured that their individual data, including their employment and earnings data, will be protected from unauthorized disclosure, will be combined with those of other respondents from their program, and will only be reported in the aggregate when there are a sufficient number of graduates to protect each responden'ts data. All graduates background information, and their contact information from their student education records is kept in an upstairs Administrative Office that has a sprinkler system in case of fire, and maintained in lockable, heavy gauge metal file cabinets. The computers that hold student information is backed up weekly, and kept off site. Archieved files are kept in file cabinets in a file room and periodically scanned to a storage computer and then shredded. Students enrollment, academic and attendance records will be kept permanently by the school (scanned to a storage computer in a locked office), and financial aid records kept for only three (3) years. Personal information from a student's file that is no longer needed is shredded to prevent identity theft.

The Data Security Plan:

All graduates background information, and their contact information from their student education records is kept in an upstairs Administrative Office that has a sprinkler system in case of fire, and maintained in lockable, heavy gauge metal file cabinets. No students PII will be transmitted to the auditor who wilf be conducting the analysis of each survey and income data. The computers that hold student information is backed up weekly, and kept off site. Archieved files are kept in file cabinets in a file room and periodically scanned to a storage computer and then shredded. Students enrollment, academic and attendance records will be kept permanently by the school (scanned to a storage computer in a locked office), and financial aid records kept for only three (3) years. Personal information from a student's file that is no longer needed is shredded to prevent identity theft. At no time in the future will the collected survey earnings datal be used for any purpose beyond the appeal process.

The Human and Fiscal Resources:

Although the survey for the graduate will only take 5-minutes to complete, the prep work for the four (4) staff members conducting the surveys it will take months of preparation. First phase is reaching out to the graduates to see if phone numbers, e-mail addresses, facebook and home address information is still accurate and letting the graduate know that the RGEES is coming in the months ahead. Time will be spent e-mailing, calling, facebooking and texting the current information we have on file and identifying any disconnected phone #'s, undeliverable e-mails and persons who may have moved. Second phase, should it be necessary, will be to contact our Default Management Servicer with

a list of graduate names to see what current contact information they might have on file. That manpower resource will be approximately eighty (80) hours a week for the staff. The general parameters for monitoring non-response will be to continue to do follow up to the graduate where permitted. If the non-response is due to a disconnected or bad phone number then alternate number (if available) will be tried or another e-mail will be sent or facebook tagged.

Prep work for the surveys will take months, getting the surveys out will take months with a deadline of 2/28/2017, getting the survey responses reviewed and compiled for the auditor will take approximately 3 days, with all survey materials for the auditor being sent to him by 3/3/2017 for his review, mean and median re-calculation and all signed certificates and attestations and required documentation being sent to the Appeals Office on 3/9/2017.

Time Needed to Achieve High Data Quality:

- 1. Planning and development 2 months (Nov January 1st)
- 2. Data collection 2 months (January 1st to February 28th)
- 3. Processing and data editing 3 days (March 1st to March 3rd)
- 4. Disclosure avoidance plan and analysis, if data will be used for any purpose other than the Aggregated data from the RGEES NOT APPLICABLE
- File construction- 3 days (March 1st March 3rd)
- 6. Survey documentation 2 weeks
- 7. Completion and review of the reporting template and any additional internal reports- 7 days (March 3-9) TO BE FILED BY 3/9/2017, BUT NO LATER THAN 3/10/2017.

Standard 2: DATA COLLECTION METHODOLOGY

The primary mode of collection will be by e-mail, facebook, telephone, texting and through our alumni page on our website and the survey should take a graduate approximately 5 minutes. There will be four (4) administrative staff persons conducting the surveys behind closed doors, in a manner that achieves the best balance between maximizing data quality and controlling measurement error, while minimizing respondent burden using best practices established in the field of survey methodology.

In order to achieve this goal the staff will encourage graduates to participate by reaching out to the graduates prior to beginning the survey in order to let them know that we will be conducting a Recent Graduates Employment and Earnings Survey in the coming months and that the survey will be used to determine our Debt to Earnings Ratio mandated by the Department of Education's Gainful Employment Regulations. The general parameters for monitoring non-response will be to continue to do follow up to the graduate where permitted. If the non-response is due to a disconnected or bad phone number then alternate number (if available) will be tried or another e-mail will be sent.

The protocol for survey collection will be as a survey comes in off our website, or is taken over the phone the survey is immediately given to the one staff member who is responsible for the collection and compilation of all the survey data in preparation of handing it over to the auditor. The survey data is kept exclusively in one office.

Standard 3: MAINTAINING CONFIDENTIALITY

The Family Educational Rights and Privacy Act (FERPA) requires the confidentiality of the data to be collected and the individuals identifiers (ie; personally identifiable information-PII) must be protected. All of the four (4) staff members working on the survey who will have access to this information understand the importance of protecting the confidentiality of the survey respondent's information, will be cognizant of the requirements of the law, and will monitor the confidentiality of PII in their daily activities and in the release of informatiom to the public. All steps will be taken throught the data collection, processing, and reporting activities to ensure that data are handled in such a way as

to avoid disclosure of PII. The respondents will be informed of these protections, and will be assured that their individual data, including their employment and earnings data, will be protected from unauthorized disclosure, will be combined with those of other respondents from their program, and will only be reported in the aggregate when there are a sufficient number of graduates to protect each responden'ts data. All graduates background information, and their contact information from their student education records will be kept in an upstairs Administrative Office that has a sprinkler system in case of fire, and maintained in lockable, heavy gauge metal file cabinets. The computers that hold student information is backed up weekly, and kept off site. Archieved files are kept in file cabinets in a file room and periodically scanned to a storage computer and then shredded. Students enrollment, academic and attendance records will be kept permanently by the school (scanned to a storage computer in a locked office), and financial aid records kept for only three (3) years. Personal information from a student's file that is no longer needed will be shredded to prevent identity theft.

Standard 4: DATA EDITING

Data editing will be performed by the auditor to correct inconsistent data. Any negative values for any of the income questions will be replaced with zeros. Any edited data will be retained along with the unedited data.

Standard 5: CALCULATION OF RESPONSE RATES

In order to consider that enough data has been collected to support the appeal of the Cosmetology program, at a minimum, at least 50% of the graduates surveyed must submit a completed survey through one of the modes used for data collection. A survey will be considered completed when the respondent has filled out at least one of the earnings items (including zero [0] earnings). The survey response rate will be calculated as the ratio of the number of completed surveys (minimum 55) to the number of graduates in the cohort (109) and this calculation will be performed on the Excel spreadsheet provided to us by the independent auditor that has been engaged. (David A. Levy CPA PC)

Standard 6: NONRESPONSE BIAS ANALYSIS

Based on the criteria for assessing nonresponse bias (comparing respondents and non-respondents student information) a review of ALL 109 Cosmetology program graduates listed on the completers list from ED determined that there will be no substantially and systematic differences between those who choose to respond to the survey and those who do not. Analysis of the three variables ie; graduates with Pell grants, graduates with zero EFC, and graduates who are female, found that of the 109 Cosmetology program graduates 92% received PELL with 0 EFC, and 93% of the 109 Cosmetology program graduates are female. Based on this information nonresponse bias is not a factor for calculating the survey Debt to Earnings measures. This analysis was confirmed by the Independent Auditor through column questions on their spreadsheet.

Standard 7: CALCULATING THE MEAN AND MEDIAN

The **MEAN** average will be computed as the **sum** of all earnings across graduates who responded to the survey **divided** by the **number** of graduates who responded to the survey. Non-respondents will be excluded from the calculation, but respondents who reported \$0 income will be included.

The **MEDIAN** is the midpoint of the distribution of all reported earnings, including zeros (\$0). Half of the respondents with earnings will be reported (including zeros) above the median and half will be reported below the median. The order of the respondents' earnings will be arranged from lowest (\$0) to the highest (\$999,999). If multiple graduates have equal income amounts, the amount will be listed once per each graduate. The middlemost earnings value will be the median earnings value. If the number of respondents is even (there is no middle value) then the median is calculated as the mean of the two earnings values closet to the middle.

Both of these calculations will be conducted by the Independent Auditor (David A. Levy, CPA PC) through their required spreadsheet. The auditor will download their spreadsheet in Excel form, the school will complete it with Survey response information and then upload the spreadsheet back to the auditor along with the survey responses for verification and completion of the new Mean and Median figures.

Standard 8: DOCUMENTING A SURVEY SYSTEM

Survey Documentation

The RGEES Platform will not be used, but the survey itself will be used in its exact form with no alterations. All surveys will be conducted in accordance with the standards set forth in the "Best Practices Guide". The primary mode of collection will be by e-mail, facebook, telephone, texting and through our alumni page on our website and the survey should take a graduate approximately 5 minutes. Staff persons will be conducting the surveys behind closed doors, in a manner that achieves the best balance between maximizing data quality and controlling measurement error, while minimizing respondent burden using best practices established in the field of survey methodology. In order to achieve this goal the staff will encourage graduates to participate by reaching out to the graduates prior to beginning the survey in order to let them know that we will be conducting a Recent Graduates Employment and Earnings Survey in the coming months and that the survey will be used to determine our Debt to Earnings Ratio mandated by the Department of Education's Gainful Employment Regulations. All survey materials will be scanned and sent to the Independent Auditor, David A. Levy, for his complete review and analysis that the survey was conducted in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey. The final results of the auditors analysis will establish a new mean and median Debt to Earnings rate resulting in a pass for the Cosmetology program.

Alternate Use of the Data

The survey data will not be used for any purpose other than the appeal under the Gainful Employment Regulations.

System Documentation

All survey responses will be placed on an Excel Spreadsheet made available by the independent auditor, David A. Levy, CPA PC. All survey materials will be scanned and sent to the Independent Auditor, David A. Levy, for his complete review and analysis that the survey was conducted in accordance with the requirements set forth in the *Standards for Conducting the Recent Graduates Employment and Earnings Survey*. The Excel Spreadsheet has an information page that asks for the program name, cip code and credential code, as well as the original D/E rates information as calculated by DOE. For confidentiality purposes the auditor has asked that the school not identify individual students by name, but to code the surveys being sent with a code number that correlates to the Excel spreadsheet and their corresponding earnings. The Excel spreadsheet will have the capabilities to establish nonresponse bias analysis, if applicable, as well as establish the new mean and median annual earnings rates. Frequency counts of all survey items, including counts of the number missing are part of the Excel Spreadsheet Information page and will calculate the nonresponse bias analysis. All surveys, survey documents and Excel spreadsheets will be maintained on school premises.

DOCUMENTS REQUIRED FOR APPEAL SUBMISSION

 A certification signed by the institution's chief executive officer attesting that the survey was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey and that the mean or median earnings used to recalculate the debt to earnings ratios was accurately determined from the survey results.

- 2. An examination level attestation engagement report prepared by and independent auditor, that the survey was conducted in accordance with the requirements set forth in the *Standards for Conducting the Recent Graduates Employment and Earnings Survey*.
- 3. Three sets of the supporting documentation requested by the Secretary: Survey Design Plan; Completers List; Signed certification by the CEO of the institution and the Auditors examination level attestation engagement report with the newly calculated men and median rates.

INTERNATIONAL ACADEMY

January 3, 2017

Dear Graduate,

SAMPLE E-MAIL LETTER TO GRADUATES USED IN RGEES APPEAL

We know that every graduate has a story that continues after their time at International Academy. Just as we will always be a part of your story, we hope that you will remain a part of ours.

We want to make it easy for our graduates to stay in touch with us – and one of the simplest ways of keeping that relationship intact is by continuing to keep your contact information updated. Did you move to a new city? Did you change your e-mail address? Tell us about it! Keep us in the loop when your contact information changes and we promise we'll do the same for you.

Maintaining a strong vibrant relationship with International Academy allows you to stay connected to the community and fellow Alumni. It also keeps you up to date with happenings at International Academy, of which there are many.

We are conducting a Recent Graduates Employment and Earnings Survey (RGEES). This survey will be used to determine International Academy's Debt-to-Earnings Ratio as mandated by the Department of Education's Gainful Employment Regulations. We value your input as a graduate of International Academy, and we want to make sure we are able to contact you when the time comes for us to send out the RGEES survey.

We thank you for your time and value you as an important part of the International Academy family.

Sincerely,

Mez Varol President/CEO

February 20, 2017

Dear Cosmetology Graduate

As a graduate of International Academy's Cosmetology Program, you have been selected to participate in the Recent Graduates Employment and Earnings Survey (RGEES).

By completing this simple, 5-minute survey about your earnings since graduation, you can help International Academy remain eligible for federal financial aid, allowing future students at International Academy the same help and assistance that was provided to you when you were a student. Since our institution grants certificates and diplomas that prepare students like you for jobs, we are subject to the U.S. Department of Education's Gainful Employment Regulations. To determine continuing eligibility for federal financial aid, institutions like ours will be issued a "Debt-to-Earnings Rating" by the U.S. Department of Education based upon a calculation of our graduates' earnings compared to their debt. By participating in this survey, you will be helping International Academy find a truer measure of our Cosmetology program graduates' earnings then the rating we were previously issued.

The RGEES will ask you about your earnings in an effort to calculate the average earnings of students who graduated from International Academy's Cosmetology program. This information will be used only in the recalculation of International Academy's Cosmetology program's Debt-to-Earnings Ratio and never for any other purpose. Information will only be sent to the Department of Education in aggregate form. Your individual survey responses will never be shared with anyone outside of International Academy's Administrative Offices. There will be no cost to you if you choose to participate in the RGEES. As a token of our appreciation, we will send you a \$25.00 Walmart Gift card to thank you for your participation.

International Academy will provide you with a number of options for completing the survey. You will be able to complete the RGEES survey by telephone by calling 386-767-4600 x224 or at our alumni website. For you to access the survey on our website please follow the directions in this e-mail in order to begin the RGEES. We will be here to guide you through this process, and we have set up a help desk reachable at : tracy@intl-academy.com or 386-767-4600 x224 for any questions.

The more graduates who complete the survey, the more accurate International Academy's earnings data will be. You involvement actively helps International Academy and your fellow students.

SAMPLE LETTER TO GRADUATES USED IN RGEES APPEAL

February 24, 2017

Recently, you participated in the Recent Graduates Employment and Earnings Survey, more easily read as RGEES. This survey is vitally important in helping International Academy continue to receive federal financial aid for students that wish to enroll in our cosmetology program. As a private institution, we are issued a Debt to Earnings Rating by the U.S. Department of Education. The information you furnished will help us find a truer measure of our cosmetology graduates' earning than the ratings we were previously furnished.

Please accept our sincere thanks for your participation. We have enclosed is a gift card as a small gesture of our gratitude. As a graduate of International Academy you will always be a part of our family. Stay in touch with us on Facebook and on our website's alumni portal. And, if you aren't signed up on the alumni page, please do so.

| Kind regards, | |

REPORT ON COMPLIANCE WITH SPECIFIED REQUIREMENTS APPLICABLE TO THE STANDARDS FOR CONDUCTING THE RECENT GRADUATES EMPLOYMENT AND EARNINGS SURVEY

INDEPENDENT ACCOUNTANTS' REPORT

To the Stockholder R&M Beauty Colleges, Inc. d/b/a Salon Success Academy

Report on Compliance with Specified Requirements Applicable to the Standards for Conducting the Recent Graduates Employment and Earnings Survey

We have examined management's assertions, that R&M Beauty Colleges, Inc. d/b/a Salon Success Academy conducted its Recent Graduates Employment and Earnings Survey for Debt Measurement Year 2015 in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey listed in Appendix A of the Best Practices Guide for Recent Graduates Employment and Earnings Survey published in November 2015.

Management's Responsibility

Management is responsible for conducting the Recent Graduates Employment and Earnings Survey in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey listed in Appendix A of the Best Practices Guide for Recent Graduates Employment and Earnings Survey published in November 2015.

Accountants' Responsibility

Our responsibility is to express an opinion on R&M Beauty Colleges, Inc.'s d/b/a Salon Success Academy compliance based on our examination of the types of compliance requirements referred to above. We conducted our examination of compliance in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States; attestation standards established by the American Institute of Certified Public Accountants; and the *Best Practices Guide for Recent Graduates Employment and Earnings Survey* issued by the U.S. Department of Education in November 2015, and accordingly, included examining, on a test basis, evidence about R&M Beauty Colleges, Inc.'s d/b/a Salon Success Academy compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our examination provides a reasonable basis for our opinion on compliance with the Standards for Conducting the Recent Graduates Employment Survey. However, our examination does not provide a legal determination on R&M Beauty Colleges, Inc.'s d/b/a Salon Success Academy compliance with specified requirements.

Opinion on Compliance with the Standards for Conducting the Recent Graduates Employment Survey

In our opinion, R&M Beauty Colleges, Inc. d/b/a Salon Success Academy complied with the types of compliance requirements referred to above that could have a direct and material effect on its survey appeal conforming to the Standards for Conducting the Recent Graduates Employment and Earnings Survey for the programs subject to the Department of Education's Gainful Employment regulations for Debt Measurement Year 2015.

Other Matters

R&M Beauty Colleges, Inc.'s d/b/a Salon Success Academy results from the Recent Graduates Employment and Earnings Survey are presented in the accompanying Survey Information Table. The Survey Information Table was not subjected to the testing procedures applied in the examination of compliance, and accordingly, we express no opinion on the Survey Information Table.

Purpose of this Report

This report is intended solely for the information and use of the audit committee, management, and U.S. Department of Education, and is not intended to be and should not be used by anyone other than these specified parties.

Subject: D/E Rates

Hello-

Can you please clarify which rate this verbiage is referencing:

As part of the Gainful Employment (GE) regulations, an institution may submit an alternate earnings appeal if it has a GE program with a final Debt-to-Earnings (D/E) rate that is failing or in the zone.

Does this mean failing: D/E discretionary rates, D/E annual rates or either?

Thank you.

Subject: Data for Appellate Process

Good morning,

Aside from the survey we will be sending to our former graduated students which details earnings for 2014, (to appeal earnings) do they need to provide proof of income such as W2's, 1099 etc. ? We will be installing RGEES to gather and submit the data once it's received.

Thank you in advance,

Maria L Gomez

Announcements-Alternate Earnings Appeal-Final DE Rates.pdf

Dear Sir/Madam

Please find attached page 34 of Best Practices Guide that requires Institution to submit three sets of appeal documents

"Once the independent auditor has conducted his or her review, three sets of appeal documents must be submitted to the Secretary of Education as part of the appeal."

However, the IFAP announcement dated 10/26/16 (attached) requires appeal package to be submitted via email the following documents

- CEO Certification
- Recalculated Rates
- CPA Attestation
- Other docs as requested by the Secretary

Can you please clarify

- list of documents that need to be attached
- one set attachment is enough or 3 sets need to be attached as per best practice guide

Thank you

Bandana, MSA, BBS

Documents Required for Appeal Submission

- A certification signed by the institution's chief executive officer attesting that the
 survey was conducted in accordance with the Standards for Conducting the Recent
 Graduates Employment and Earnings Survey and that the mean or median earnings
 used to recalculate the debt-to-earnings ratios was accurately determined from the
 survey results;
- An examination-level attestation engagement report prepared by an independent public accountant or independent governmental auditor, as appropriate, that the survey was conducted in accordance with the requirements set forth in the *Standards for Conducting the Recent Graduates Employment and Earnings Survey*. The attestation must be conducted in accordance with the attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States (available at www.gao.gov/yellowbook/overview or its successor site), and with procedures for attestations contained in guides developed by and available from the Department of Education's Office of Inspector General (See http://www2.ed.gov/about/offices/list/oig/nonfed/sfgd2000.pdf and http://www2.ed.gov/about/offices/list/oig/nonfed/sfgd2000.pdf and http://www2.ed.gov/about/offices/list/oig/nonfed/sfa.html);
- 3. Supporting documentation requested by the Secretary.

Once the independent auditor has conducted his or her review, three sets of appeal documents must be submitted to the Secretary of Education as part of the appeal.

Subject: Gainful Employment Electronic Announcement #95 - Debt-to-Earnings Rate Alternate Earnings Appeals

As part of the Gainful Employment (GE) regulations, an institution may submit an alternate earnings appeal if it has a GE program with a final Debt-to-Earnings (D/E) rate that is failing or in the zone. While final D/E rates will not be issued until January 2017, institutions may submit their Notice of Intent to appeal upon receipt of their draft D/E rates. The sections below provide further information about the alternate earnings appeals process.

Alternate Earnings Appeals

Appeals may be submitted if using the alternate earnings would change a program's D/E rate from zone to pass or from fail to either zone or pass. An institution electing to submit an alternate earnings appeal must file a Notice of Intent to appeal with the Department no later than 14 days after the issuance of the final D/E rates, which is planned for January 2017. Instructions on how to submit a Notice of Intent are provided below.

For institutions that have filed a proper Notice of Intent to appeal with the Department, the materials to substantiate the appeal are due no later than 60 days following the issuance of the final D/E rates. As indicated in the regulations, appeal submissions must be complete, timely, accurate, correctly formatted, and consistent with any instructions issued by the Department. Institutions failing to submit a Notice of Intent to appeal and the appeal itself within the relevant timeframe waive their right to appeal the GE program's D/E rate. For GE programs with appeals under consideration, the D/E rate consequences under 34 CFR 668.410 will not apply while the appeal is under review by the Department. If a program's final D/E rate is under appeal when final rates are made public, the program's final D/E rate will be annotated to indicate that it is under appeal.

Under the GE regulations at 34 CFR 668.406, the institution submitting the appeal must calculate the GE program's new D/E rates using, as the numerator, the annual loan payment amount from the final D/E rate calculated by the Department and the higher of the mean or median alternate earnings as the denominator. If the appeal is approved, the recalculated D/E rate becomes the GE program's final D/E rate. If the appeal is denied, the previously issued final

D/E rate remains the program's final D/E rate. Institutions will be notified of appeal results and of any consequences resulting from the final D/E rate.

Instructions for Appeal

To submit a Notice of Intent, institutions must send an email to AltEarningsAppeals@ed.gov. While a Notice of Intent must be received by the Department no later than 14 days after the issuance of the final D/E rates, institutions may submit their notice upon receipt of their draft D/E rates. Notice of Intent email messages must have the subject line "Notice of Intent to File Alternate Earnings Appeal" and the body of the email must include the institution's name, 6-digit OPEID, and the CIP codes and credential levels for each program that will be part of the appeal.

Income data for alternate earnings appeals must be from the same calendar year used by the Department in its calculation of the program's D/E rates; 2014 for the current cycle of calculations.

Alternate earnings data for D/E rate appeals may be obtained by the institution from either an institutional survey of the GE program's former students or from a state-sponsored data system. In either instance, the students included in the appeal must be those who were in the cohort that was used by the Department or in a comparable cohort period.

As described in Gainful Employment Electronic Announcement #85, the Department has created a survey and calculation tool to assist institutions, at their option, with conducting their own survey. The RGEES Platform and a Best Practices Guide are available in the "Resources" section of the Gainful Employment Information Page on the IFAP website. Regardless of whether institutions elect to use the RGEES Platform, the survey must be conducted in accordance with the Department's Standards for Conducting the Recent Graduates Employment and Earnings Survey (RGEES). When submitting documentation of survey results for an alternate earnings appeal, institutions must include a signed certification from their President/CEO attesting that the survey was conducted in accordance with the Standards and that the mean or median earnings used to recalculate the GE program's D/E rate were accurately determined from the survey results. An examination-level attestation engagement report from an independent accountant or independent auditor must also be included, certifying that the survey was conducted in accordance with the Standards.

When submitting documentation of alternate earnings data from a statesponsored data system, the institution must demonstrate that the data were obtained for at least 50 percent of the completers in the cohort period and that it included at least 30 completers. The submission must be accompanied by the President's/CEO's signed certification that the state-provided earnings data were accurately used to recalculate D/E results. Completed appeal packages must be emailed to AltEarningsAppeals@ed.gov with the subject line "Alternate Earnings Appeal" and must include all required documentation as attachments to the email. Appeals submitted after the 60-day period or with incomplete documentation will be denied.

Contact Information

If you have questions about the information in this Electronic Announcement, contact the Gainful Employment Operations Team at AltEarningsAppeals@ed.gov.

The <u>Gainful Employment Information Page</u> on the IFAP website contains publications and resources on GE as well as Frequently Asked Questions (FAQs). If you have a policy question about the GE regulations that has not already been addressed in the FAQs section of the <u>Gainful Employment Information Page</u>, please submit the question to <u>ge-questions@ed.gov</u>.

INDEPENDENT ACCOUNTANTS' REPORT

To the Stockholders
The Academy of Hair Design LLC

Report on Compliance with Specified Requirements Applicable to the Standards for Conducting the Recent Graduates Employment and Earnings Survey

We have examined management's assertions, that The Academy of Hair Design LLC conducted its Recent Graduates Employment and Earnings Survey for Debt Measurement Year 2015 in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey listed in Appendix A of the Best Practices Guide for Recent Graduates Employment and Earnings Survey published in November 2015.

Management's Responsibility

Management is responsible for conducting the Recent Graduates Employment and Earnings Survey in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey listed in Appendix A of the Best Practices Guide for Recent Graduates Employment and Earnings Survey published in November 2015.

Accountants' Responsibility

Our responsibility is to express an opinion on The Academy of Hair Design LLC's compliance based on our examination of the types of compliance requirements referred to above. We conducted our examination of compliance in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States; attestation standards established by the American Institute of Certified Public Accountants; and the *Best Practices Guide for Recent Graduates Employment and Earnings Survey* issued by the U.S. Department of Education in November 2015, and accordingly, included examining, on a test basis, evidence about The Academy of Hair Design LLC's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our examination provides a reasonable basis for our opinion on compliance with the Standards for Conducting the Recent Graduates Employment Survey. However, our examination does not provide a legal determination on The Academy of Hair Design LLC's compliance with specified requirements.

Opinion on Compliance with the Standards for Conducting the Recent Graduates Employment Survey

In our opinion, The Academy of Hair Design LLC complied with the types of compliance requirements referred to above that could have a direct and material effect on its survey appeal conforming to the Standards for Conducting the Recent Graduates Employment and Earnings Survey for the programs subject to the Department of Education's Gainful Employment regulations for Debt Measurement Year 2015.

Other Matters

The Academy of Hair Design LLC's results from the Recent Graduates Employment and Earnings Survey are presented in the accompanying Survey Information Table. The Survey Information Table was not subjected to the testing procedures applied in the examination of compliance, and accordingly, we express no opinion on the Survey Information Table.

Purpose of this Report

This report is intended solely for the information and use of the audit committee, management, and U.S. Department of Education, and is not intended to be and should not be used by anyone other than these specified parties.

Kuntte : associates, P.C.

The following was emailed to you on January 9, 2017. Please acknowledge receipt of same. Thank you.

Dear FSA:

In accordance with the instructions set out in *Gainful Employment Electronic Announcement #95* - *Debt-to-Earnings Rate Alternate Earnings Appeals*, Old Town Barber College **(OPEID: 021348)** hereby notifies the Department of its intent to file an Alternate Earnings Appeal for the following program:

| CIP Code | Credential Level | Program Name |
|-------------|---------------------|------------------|
| 12.0402 | 01 | Barbering/Barber |

We respectfully request that the Department confirm that this email has been received and that this Notice of Appeal has been accepted.

If you have any questions, please do not hesitate to contact me at this email address, or by telephone at 316.264.4891.

Sincerely,

Paulette Foster Financial Assistance

Dear US Department of Education,

We are submitting the required documentation from the Higher Education Coordinating Commission (HECC) for the alternate earnings state-sponsored data system appeal they conducted on our behalf. Please see the attached letter from HECC, confirming the earnings and cohort analysis.

We are also submitting the required documentation, the signed certification, from the President/CEO attesting that the state-provided earnings data were accurately used to recalculated the D/E results. Please see attached.

Please let me know if you need any further information.

Sincerely, Kristie Davis

Alternate Earnings Gainful Employment Appeal Phagans' School of Beauty OPEID #012351-00 CIP Code 12.0401 & 12.0407

Dear US Department of Education,

This letter is to inform the Department that we utilized earnings data provided by the Higher Education Coordinating Commission (HECC) to complete our state sponsored data appeal process.

HECC was able to ascertain:

For CIP Code 12.0401

- The cohort size requirement of 30 matches and 50+%,
- Mean earnings resulting in 10.93% Debt to Earnings GE Rate: from Failing to Zone category

For CIP Code 12.0407

- The cohort match requirement of 51.28%, but was not able to meet the 30 match requirement. We are humbling requesting the Dept to consider our appeal as the cohort size was so small.
- Median earnings resulting in 10.69% Debt to Earnings GE Rate: from Failing to Zone category

I, Karen Dieckman, am the President and CEO of Phagans' School of Beauty. I certify and attest that the state-provided earnings data from the Oregon Higher Education Coordinating Commission were accurately used to recalculate D/E result.

RE: Alternate Earnings Gainful Employment Appeal Phagans' School of Beauty OPEID #012351-00 CIP Code 12.0401 & 12.0407

Dear U.S. Department of Education,

This letter is to inform the Department that earnings data was calculated and provided by the Higher Education Coordinating Commission (HECC) to Phagans' School of Beauty OPEID #012351-00 to complete their state sponsored data appeal process.

The HECC was able to ascertain the following:

For CIP Code 12.0401

- The cohort size requirement of 30 matches and 50+%,
- Mean earnings of \$18,434.83 resulting in the school reporting a change in their Debt to Earnings GE Rate to 10.93%: from Failing to Zone category

For CIP Code 12.0407

- The cohort match requirement of 51.28%, but was not able to meet the 30 match requirement as the cohort size was too small.
- Median earnings of \$14,990.50 resulting in the school reporting a change in their Debt to Earnings GE Rate to 10.69%: from Failing to Zone category

I, Juan Báez-Arévalo, am the Director of the State of Oregon Higher Education Coordinating Commission Private Career Schools. I certify and attest that the above information was gathered and calculated in accordance with the alternate earnings appeals guidelines from the U.S. Department of Education for state sponsored appeals.

RE: Alternate Earnings Gainful Employment Appeal Phagans' Beauty College OPEID #012348-00 CIP Code 12.0401

Dear U.S. Department of Education,

This letter is to inform the Department that earnings data was calculated and provided by the Higher Education Coordinating Commission (HECC) to Phagans' Beauty College OPEID #012348-00 to complete their state sponsored data appeal process.

HECC was able to ascertain the following:

For CIP Code 12.0401

- The cohort size requirement of 30 matches and 50+%,
- Mean earnings of \$19,957.43 resulting in the school reporting a change in their Debt to Earnings GE Rate to 9.94%: from Failing to Zone category

I, Juan Báez-Arévalo, am the Director of the State of Oregon Higher Education Coordinating Commission Private Career Schools. I certify and attest that the above information was gathered and calculated in accordance with the alternate earnings appeals guidelines from the U.S. Department of Education for state sponsored appeals.

Dear US Department of Education,

We are submitting the required documentation from the Higher Education Coordinating Commission (HECC) for the alternate earnings state-sponsored data system appeal they conducted on our behalf. Please see the attached letter from HECC, confirming the earnings and cohort analysis.

We are also submitting the required documentation, the signed certification, from the President/CEO attesting that the state-provided earnings data were accurately used to recalculated the D/E results. Please see attached.

Please let me know if you need any further information.

Sincerely, Kristie Davis

INDEPENDENT ACCOUNTANTS' REPORT

Board of Directors Aveda Institute - Tallahassee 2020 West Pensacola street Tallahassee, FL 32304

REPORT ON COMPLIANCE

We have examined the written assertions of the management of Aveda Institute - Tallahassee, OPE #041348, stating that the alternate earnings information obtained utilizing the Recent Graduate Employment and Earnings Survey (RGEES) of the Gainful Employment Regulations is in accordance with the Standards Requirements of Section 668.406 of Title 34 of the Code of Federal Regulations (34 CFR 668.406) for the cohort period December 31, 2014, used to calculate the final Debt to Earnings Rates issued in January, 2017.

MANAGEMENT'S RESPONSIBILITY

The management of Aveda Institute - Tallahassee is responsible for the school's compliance with those requirements.

ACCOUNTANTS' RESPONSIBILITY

Our responsibility is to express an opinion on management's written assertions about the institution's compliance that the survey was conducted in accordance with the requirements set forth in the National Center for Education Statistics (NCES) earnings survey form.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants (AICPA), attestation standards contained in *Government Accountability Office's Government Auditing Standards*, promulgated by the Comptroller General of the United States, requirements set forth in the Standards for Conducting the RGEES and with procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General accordingly

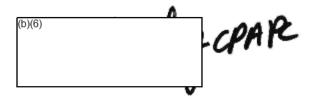

We examined, on a test basis, evidence about Aveda Institute - Tallahassee's compliance with 34 CFR 668.406, and performed other procedures that we considered necessary under the circumstances. We believe our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Aveda Institute - Tallahassee's compliance with specified requirements.

OPINION ON COMPLIANCE

In our opinion, management's written assertions that Aveda Institute - Tallahassee's RGEES, for the cohort period ending on December 31, 2014 was conducted in accordance with the requirements set forth in the NCES earnings survey form and in accordance with the Standards for Conducting the RGEES. Our examination-level attestation is in accordance with the attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States, and with the procedures for attestations contained in guides developed by the Department of Education's Office of Inspector General.

PURPOSE OF REPORT

This report is intended solely for the information of the Institution's management and the U.S. Department of Education.

This template calculates the response rate for graduates in your survey.

Simply enter the number of gradutes who completed the survey in cell B6 and the total number of graduates in the cohort in cell C6.

The survey response rate will be automatically calcuated in cell D6.

| Number of survey respondents | | Number of graduates in the cohort | | Response rate | |
|------------------------------|----|-----------------------------------|----|---------------|--------|
| | 34 | | 40 | | 85.00% |

This template calculates the mean and median income for graduates in your program. Simply copy the name and total income for each survey respondent starting in row 8. Mean and median income will be automatically calcuated in cells C5 and C6, respectively.

| MEAN | | \$18,797 |
|----------------------|-----------------|----------|
| MEDIAN | | \$17,640 |
| Name (or unique ID): | Total Earnings: | |

Re: Certification attesting that the Survey was conducted in accordance with the Survey Standards in the Earnings Survey Form

Dear Mr. Secretary:

In connection with our alternate earnings appeal allowed under 34 CFR 668.406 of the final debt-toearnings (D/E) rates published by the U.S. Department of Education (the department), we certify that the survey was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey (RGEES) and that the mean or median earnings used to recalculate the debt-to-earnings ratios was accurately determined from the survey results.

Importance: High

The school had sent an email a couple of weeks ago and has not received a response so they contacted me. I understand that you might be very busy and wanting to make sure my response was accurate. According to what the school provided me I believe the signed letter from the school should be on school letterhead and they also need to provide a copy of all surveys used in the calculation. Let me know if that is all that is required.

Thanks,

Kathleen Shelton

Subject: Fwd: Alternate earnings appeal question

Hi Kathleen,

I'm sorry I missed your phone call this morning. Here is the question I had sent to altearningsappeal@ed.gov. I just want to be certain that I'm sending all necessary info as part of this appeal while at the same time, protecting any PII. I've attached what, in my interpretation is necessary, but want to be certain that I'm not leaving anything out since we have spent a lot of resources on completing this process.

Thank you very much,

Andrew Oswald, President Iowa School of Beauty P: 515-210-2288

Subject: Alternate earnings appeal question

To: AltEarningsAppeals@ed.gov

Hello,

I'm preparing to submit my documentation for my alternate earnings appeal and wanted to know exactly what I needed to send. On page 34 of the RGEES best practices guide, item number 3 it says "supporting documentation requested by secretary" and I'm not certain what exactly that is and I want to be mindful and not send any PII. The attestation by CPA and CEO/President is understood.

Any guidance would be greatly appreciated. I can be reached either via email, or if it's easier to explain on telephone, my cell phone is best: 515-210-2288

Thank you very much,

Andrew Oswald, President Iowa School of Beauty

P: <u>515-210-2288</u> F: <u>515-278-0793</u> To whom it concerns,

I, Andrew Oswald, President and Chief Executive Officer of Iowa School of Beauty, OPE ID 02306900 am attesting that the enclosed survey was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey and that the mean or median earnings used to recalculate the debt-to-earnings ratio was accurately determined from the survey results.

The results of the survey showed a mean income for the 2014 calendar year of \$18,097 for graduates in the cohort (CIP Code 12.0499). The calculated D/E rate for CIP Code 12.0499 is 9.45% based off of the RGEES mean income for the 2014 calendar year.

To the Board of Directors Iowa School of Beauty, Inc. Ottumwa, Iowa

Independent Accountant's Report

We have examined management of Iowa School of Beauty, Inc. – Ottumwa's (OPE ID 023069-00) assertion that it conducted its gainful employment survey of its cosmetology educational program in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey (GE Standards) and that the mean and medium earnings used to recalculate the debt-to-earnings ratios was accurately determined from the Survey results. Iowa School of Beauty, Inc.'s management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, the requirements set forth in the GE Standards and with the attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States and with procedures for attestations contained in guides developed by and available from the Department of Education's Office of Inspector General. Those Standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertion that it conducted its gainful employment survey of its cosmetology educational program in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey (GE Standards) and that the mean and medium earnings used to recalculate the debt-to-earnings ratios is fairly stated in all material respects.

This report is intended solely for the information and use of the audit committee, management, and the U.S. Department of Education and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

Kessler, Orlean, Silver & Company, P.C.

Subject: FW: Blue Cliff College: Documentation to Support Alternate Earnings Appeal

Good afternoon:

Blue Cliff College submitted the following information to file a notice of appeal to the final D/E Rates. The email contained the prescribed information as directed by the Department in the communication to the school subject: 2016 Gainful Employment Draft Debt-To-Earnings Rates.

Institution Name: Blue Cliff College

OPEID: 03294300

The following programs are part of the appeal:

| CIP Code | Credential Level | Program Name | Status |
|----------|------------------|---------------------|--------|
| 120401 | 01 | Cosmetology | Fail |
| 511011 | 01 | Renal | Fail |
| | | Dialysis/Technician | |
| 510801 | 01 | Medical Assisting | Zone |
| 510601 | 01 | Dental Assisting | Zone |

Subsequently Blue Cliff College followed the outlined steps to file an appeal by obtaining state-sponsored survey data and has consequently determined alternative median annual earnings for each of the gainful employment programs as identified by the highlighted portion of the chart below. As a result all indications show that the programs that were previously in either the "fail" or "zone", now "pass" with annual loan payments less than or equal to 8% of total earnings.

| CIP | Credential | Program Name | Alternative | Transition | Revised |
|--------|------------|---------------------|-----------------|------------|---------|
| Code | Level | | Median | Rate | Rate |
| | | | Annual | Numerator | |
| | | | Earnings | | |
| 120401 | 01 | Cosmetology | 25,619 | 1566 | 6.1% |
| 511011 | 01 | Renal | 32,057 | 1920 | 5.9% |
| | | Dialysis/Technician | | | |
| 510801 | 01 | Medical Assisting | 20,480 | 1467 | 7.1% |
| 510601 | 01 | Dental Assisting | 21,414 | 1365 | 6.3% |
| 513501 | 01 | Massage Therapy | 29,089 | 1311 | 4.5% |

The Attachment titled "Attestation Certifying Use of State" is the attestation signed by our CEO/President attesting to the following, as required per the guidelines outlined in the FSA Handbook (June 2016, Chapter 4- Audits, Standards, Limitations, & Cohort Default Rates):

- Blue Cliff College obtained annual earnings data for more than 50% of the number of students in the cohort period and alternative earnings data for 30 or more of those students; and
- The state-provided data has been accurately used to recalculate the D/E rates.

The second attachment, includes the data received from the state.

Regards.

The Attachment titled "Attestation Certifying Use of State" is the attestation signed by our CEO/President attesting to the following, as required per the guidelines outlined in the FSA Handbook (June 2016, Chapter 4- Audits, Standards, Limitations, & Cohort Default Rates):

- Blue Cliff College obtained annual earnings data for more than 50% of the number of students in the cohort period and alternative earnings data for 30 or more of those students; and
- The state-provided data has been accurately used to recalculate the D/E rates.

The second attachment, includes the data received from the state.

Regards.

Subject: Notice of Intent to File Alternate Earnings Appeal

Importance: High

Good afternoon:

Blue Cliff College is submitting the following information to file a notice of appeal to the final D/E Rates. This email contains the prescribed information as directed by the Department in the communication to the school subject: 2016 Gainful Employment Draft Debt-To-Earnings Rates.

Institution Name: Blue Cliff College

OPEID: 03294300

The following programs will be part of the appeal:

| CIP Code | Credential Level | Program Name |
|----------|------------------|---------------------|
| 120401 | 01 | Cosmetology |
| 511011 | 01 | Renal |
| | | Dialysis/Technician |
| 510801 | 01 | Medical Assisting |
| 510601 | 01 | Dental Assisting |
| 513501 | 01 | Massage Therapy |

Thank you.

DaKenya V. Douglas Vice President Compliance EMI, dba Blue Cliff College 11744 Haymarket Ave, Ste D. Baton Rouge, LA 70816 (225) 292-7078 Ext 322 (225) 200-7274 (cell)

June 30, 2017

RE: Institution Name: Blue Cliff College (OPEID: 03294300) Attestation for Use of State-Sponsored Earnings Data

Blue Cliff College submitted the appropriate information to file a notice of appeal to the final D/E Rates. The email contained the prescribed information as directed by the Department in the communication to the school subject: 2016 Gainful Employment Draft Debt-To-Earnings Rates.

Subsequently, Blue Cliff College followed the outlined steps to file an appeal by obtaining state-sponsored survey data and has consequently determined alternative median annual earnings for each of the gainful employment programs as identified by the highlighted portion of the chart below. As a result all indications show that the programs that were previously in either the "fail" or "zone" are now "pass".

| CIP Code | Credential Level | Program Name | Alternative Median Annual Earnings |
|----------|------------------|---------------------------|---------------------------------------|
| 120401 | 01 | Cosmetology | 25619 |
| 511011 | 01 | Renal Dialysis/Technician | 32057 |
| 510801 | 01 | Medical Assisting | 20480 |
| 510601 | 01 | Dental Assisting | 21414 |
| 513501 | 01 | Massage Therapy | 29089 |

This letter serves as my attestation of the following:

- Blue Cliff College obtained annual earnings data for more than 50% of the number of students in the cohort period and alternative earnings data for 30 or more of those students; and
- The state-provided data has been accurately used to recalculate the D/E rates.

Subject: FW: Blue Cliff College: Documentation to Support Alternate Earnings Appeal **Attachments:** Attestation certifying use of state.docx.pdf, Copy of Blue Cliff College State

Sponsored Data.xlsx

Good afternoon:

Blue Cliff College submitted the following information to file a notice of appeal to the final D/E Rates. The email contained the prescribed information as directed by the Department in the communication to the school subject: 2016 Gainful Employment Draft Debt-To-Earnings Rates.

Institution Name: Blue Cliff College

OPEID: 03294300

The following programs are part of the appeal:

| CIP Code | Credential Level | Program Name | Status |
|----------|------------------|--------------------------|--------|
| 120401 | 01 | Cosmetology | Fail |
| 511011 | 01 | Renal | Fail |
| | | Dialysis/Technician | |
| 510801 | 01 | Medical Assisting | Zone |
| 510601 | 01 | Dental Assisting | Zone |
| 513501 | 01 | Massage Therapy | Zone |

Subsequently Blue Cliff College followed the outlined steps to file an appeal by obtaining state-sponsored survey data and has consequently determined alternative median annual earnings for each of the gainful employment programs as identified by the highlighted portion of the chart below. As a result all indications show that the programs that were previously in either the "fail" or "zone", now "pass" with annual loan payments less than or equal to 20% of discretionary earnings.

| CIP | Credential | Program Name | Alternative | Transition | Revised |
|--------|------------|--------------|-------------|------------|---------|
| Code | Level | | Median | Rate | Rate |
| | | | Annual | Numerator | |

The Attachment titled "Attestation Certifying Use of State" is the attestation signed by our CEO/President attesting to the following, as required per the guidelines outlined in the FSA Handbook (June 2016, Chapter 4- Audits, Standards, Limitations, & Cohort Default Rates):

- Blue Cliff College obtained annual earnings data for more than 50% of the number of students in the cohort period and alternative earnings data for 30 or more of those students; and
- The state-provided data has been accurately used to recalculate the D/E rates.

The second attachment, includes the data received from the state.

Regards.

Subject: Notice of Intent to File Alternate Earnings Appeal

Importance: High

Good afternoon:

Blue Cliff College is submitting the following information to file a notice of appeal to the final D/E Rates. This email contains the prescribed information

as directed by the Department in the communication to the school subject: 2016 Gainful Employment Draft Debt-To-Earnings Rates.

Institution Name: Blue Cliff College

OPEID: 03294300

The following programs will be part of the appeal:

| CIP Code | Credential Level | Program Name |
|----------|------------------|---------------------|
| 120401 | 01 | Cosmetology |
| 511011 | 01 | Renal |
| | | Dialysis/Technician |
| 510801 | 01 | Medical Assisting |
| 510601 | 01 | Dental Assisting |
| 513501 | 01 | Massage Therapy |

Thank you.

DaKenya V. Douglas Vice President Compliance EMI, dba Blue Cliff College 11744 Haymarket Ave, Ste D. Baton Rouge, LA 70816 (225) 292-7078 Ext 322 (225) 200-7274 (cell)

June 30, 2017

RE: Institution Name: Blue Cliff College (OPEID: 03294300) Attestation for Use of State-Sponsored Earnings Data

Blue Cliff College submitted the appropriate information to file a notice of appeal to the final D/E Rates. The email contained the prescribed information as directed by the Department in the communication to the school subject: 2016 Gainful Employment Draft Debt-To-Earnings Rates.

Subsequently, Blue Cliff College followed the outlined steps to file an appeal by obtaining state-sponsored survey data and has consequently determined alternative median annual earnings for each of the gainful employment programs as identified by the highlighted portion of the chart below. As a result all indications show that the programs that were previously in either the "fail" or "zone" are now "pass".

| CIP Code | Credential Level | Program Name | Alternative Median Annual Earnings |
|----------|------------------|---------------------------|---------------------------------------|
| 120401 | 01 | Cosmetology | 25619 |
| 511011 | 01 | Renal Dialysis/Technician | 22626 |
| 510801 | 01 | Medical Assisting | 20480 |
| 510601 | 01 | Dental Assisting | 21414 |
| 513501 | 01 | Massage Therapy | 29089 |

This letter serves as my attestation of the following:

- Blue Cliff College obtained annual earnings data for more than 50% of the number of students in the cohort period and alternative earnings data for 30 or more of those students; and
- The state-provided data has been accurately used to recalculate the D/E rates.
